

DECLARATION OF CONFORMITY

No. 08012020-1

We, Vesimentor OÜ, herewith certify that all our **rubber seals D40-110mm**, meet the requirements of the following European Standards:

- **DIN EN 681-1** Elastomeric seals – materials requirements for pipe joint seals used in water and drainage applications – Part 1: Vulcanized rubber
- **DIN EN 295-4** Vitrified clay pipes, fittings and pipe joints for drains and sewers – Part 4: Requirements for special fittings, adaptors and compatible accessories
- **WIS 4-41-01** (Water Industry Specification) Flexible couplings for gravity sewerage and drainage pipes
- **ETA-09/0248** (European Technical Approval) Elastomeric flexible couplings, with an optional stainless steel shear band used to assembly sewer or drainage pipe

Furthermore Vesimentor OÜ is operating a Quality Management System according to DIN EN ISO 9001:2015
